

After School Math

The primary purpose of this program is to assist students with their math homework. Concepts from the day's lesson can be explained to students in a small group setting. The students attending this program will usually feel more confident about participating in the next lesson. The homework is checked on the spot, which allows the student time to rework problems as needed.

This program meets Monday through Thursday until 4:20. Transportation is available to students who already qualify to ride a bus to and from school. Space is limited in this program so if interested, please complete the permission form and return it to the Nuttall Middle School office. Send it to Mrs. Catt's attention.

The first attendance day for this program is Monday, August 31, 2009.

Student's name: _____

Student's grade: _____ Today's date: _____

_____ I would like for my child to attend the math study sessions.

_____ My child will walk home.

_____ I will provide transportation for my child.

_____ My child is a bus rider and I need for my child to ride a bus home after the math session is over.

Parent Signature: _____
